🪪 Profile

- Inquisitive, energetic computer science specialist skilled in leadership, with a strong foundation in math, logic, and cross-platform coding. Seeking to leverage solid skills in collaboration, communication, and development as a programmer.
- To become a successful expert in the field of Information Technology by channelizing my technical knowledge and skills to ensure personal and professional growth and to contribute to the prosperity of the organization.
- To pursue a job opportunity in a competitive environment that will challenge me to push my boundaries and expand my knowledge in the field of computer science while allowing me to add value to the dynamics of the company.

🎓 Education

Gorakhpur, India	**Bachelor of Technology,** Buddha Institute of Technology 7 CGPA
Gorakhpur, India	**Senior Secondary Education (CBSE Board),** Reliance Academy School 52.8%
Gorakhpur, India	**Junior Secondary Education (ICSE Board),** Apex Public School 76.8%

📄 Certificates

Soft Skill Development (NPTEL)

Programming, Data structure and Algorithm using python (NPTEL)

Web Development (Shape My Skills) • **Web Development** (Udemy)

Tech Wizard 2022 (IoT based Application) • **Tech Wizard 2023** (IoT based Application)

Programming with Python for Data Science (Balaji Academy) • **Tech Yuva 2021** (Model Presentation)

Tech Yuva 2021 (Paper Presentation)

Courses

January 2022 – March 2022
Gorakhpur, India

NPTEL - Soft Skill Development, Swayam

August 2022 – November 2022
Gorakhpur, India

Programming with Python for Data Science, NIIT

January 2023 – March 2023
Gorakhpur, India

Web Developement, Udemy

January 2023 – March 2023
Gorakhpur, India

NPTEL - Programming, Data Structure and Algorithm using Python, Swayam

Summer Training

July 2023 – August 2023
Noida, India

Web Designing, Shape My Skills

Engaged in a rigorous summer training program in web design, mastering key concepts such as HTML, CSS, and responsive design. Demonstrated proficiency in designing visually appealing and user-friendly websites. Acquired valuable skills, enhancing my ability to create captivating online experiences.

Workshop

May 2023 – May 2023
Gorakhpur, India

Python Programming with IoT, SoftPro

December 2022 – December 2022
Gorakhpur, India

Data Science, Shape My Skills

Awards

Model Presentation (Tech Yuva), Buddha Institute of Technology

I alone with my team members presented our project and running model. Securing 1st position in paper presentation and model presentation.

Tech Wizard, Buddha Institute of Technology

Collaborated with a team of three classmates to design and build a prototype for a smart home automation system, integrating various IoT devices and sensors, which was awarded third place in Teck Wizard competition.

Tech Wizard, Buddha Institute of Technology

Collaborated with a team of three classmates to design and build a prototype for a smart object detection, integrating various IoT devices and sensors, which was awarded 3rd place in Teck Wizard competition.

📰 Publications

https://ijrpr.com/uploads/V3ISSUE12/IJRPR8633.pdf,
International Journal of Research Publication and Reviews (IJRPR) ⌞⌝

Research Paper published of our project Map My Fitness App.

🧠 Skills

Technical Skills :
• Python
• C
• Frontend : HTML, CSS, & JavaScript
• Database Management : SQL/MySQL

MS Office Skills :
• MS Word
• MS Excel
• MS PowerPoint

Soft Skills :
• Leadership : As the **President** of a college involves steering the institution toward excellence while representing the interests of the student body. This role demands the ability to inspire, guide, and advocate effectively. It encompasses strategic vision, strong communication, and the capacity to make informed decisions that benefit both students and the institution.
• Communication : As the **Coordinator** of Apache society, I likely had to communicate with diverse groups of students, faculty, and administrators. Emphasizing my ability to articulate ideas clearly, listen actively, and facilitate productive discussions.
• Fast Learner
• Teamwork

💼 Projects

Vision Helper App
- Created and implemented an app using Android Studio Software project.
- Language used is Java and XML.
- It included three parts - 1)Delivery 2)Tiffin Service 3)Shopping.
- We won 1st prize in Tech Yuva 2021 as Runner and paper work.

Vibration Sensor
- A working model of vibration sensor is designed by using Arduino, vibration sensor, LED, and c language to implement.

Map My Fitness
- Developed and led group fitness classes to help clients increase their fitness levels and reach their goals.
- Explained the proper form, technique, and safety precautions for various exercises.
- With trainer and online classes.

Object Detection and Distance

- Designed object detection which shows the distance of object and size of object.
- By using Arduino, motor, sonar, and c language to implement.

Portfolio

- Used HTML, CSS, and JavaScript to create interactive elements and animations, enhancing user experience.
- Designed a Portfolio profile with containing animation and complete details and multiple pages.

Todo List

- Developed and maintained project plans, schedules, and task lists to ensure timely completion of projects.
- Demonstrated an ability to multi-task and prioritize tasks in a fast-paced environment.
- It had list of completed, not completed and removed.

🌐 Languages

English, Hindi

🎸 Interests

Playing online Games   **Bike Riding**   **Cooking**
